

TO ENCOURAGE IMMIGRATION

From late developments at the headquarters of the reclamation service it would seem that the government officials have finally come to a realization of the fact that it is necessary to encourage immigration to the great Truckee-Carson project. In the early settlement of the project very little effort was made to encourage a settler to come in, and still less effort to make him comfortable and prosperous after getting on the homestead. In the end common sense will prevail and harmonious condition of affairs will be the result of efforts to equalize matters between the government and the squatter.—Fairview News.

WILL BE BANNER COUNTY

From present indications Churchill county will not be the banner county of Nevada. There is so much future to this county, there are so many opportunities for investment, that one falters in the attempt to prophesy. Irrigation will make Churchill a great commonwealth, but the mining camps will crown her glory, and the community that was neglected will yet become the pride of the great state of Nevada.—Fairview News.

UTES ON THE WARPATH

WASHINGTON, Oct. 16.—Governor Brooks of Wyoming has been practically notified by Secretary Hitchcock that he can secure the assistance of the United States troops in the matter of the renegade Ute Indians, whose home is in Utah, if he so desires. There are about 300 of the Indians encamped about the town of Gillette, in the northwestern corner of the state, and the governor has notified the secretary that they are drinking, insulting the people and stealing. He added that yesterday they defied the local police officers and he suggested that serious trouble is certain unless prompt action is taken.

Replying the secretary asked, "Do you request the government to send United States troops into Wyoming to preserve order and arrest and remove the Indians?"

Secretary Hitchcock stated afterwards that if such a request should be made it would be complied with and the necessary troops would be supplied. He added that the government did not feel disposed to act in the absence of a specific request, but that he fully appreciated that prompt action might be necessary to prevent serious trouble.

The Mormon church of Utah is negotiating for the purchase of the Cleveland ranch in White Pine county. The price asked is \$250,000.

BY LIGHTNING EXPRESS

Running on overland limited time, a special train bearing air compressors and drills for the Hayes-Monette lease on the Mohawk mine at Goldfield, made the fastest time from Denver to the southern Nevada mining camps on record and took to the aid of the miners the special machinery which will be used during the next seventy days.

The Hayes-Monette lease on the Mohawk expires in seventy days and the lessees expect to take out \$3,000,000 in ore before that time is up, January 1.

So great was the care with which the machinery was shipped that the owners would not trust it to the Wells Fargo express. The special train was chartered in Denver and arrangements were made with the railroad to have the special train follow the overland limited. Just twelve hours after the overland passed, the special train arrived in Goldfield.

Reaching when this feat is regarded as the greatest enterprise shown by the camp to which the machinery was consigned.

A car of specially selected ore will be shipped some time before the close of the year from the Hayes-Monette on the Mohawk, valued at \$1,000,000. It will be consigned to the Southern Railway.

STRIKE AT SEVEN TROUGHS

RENO, Oct. 16.—Another rush is on to Seven Troughs district in Humboldt county, twenty-four miles north of Lovelock, the result of an immense strike on the property of John Cleghorn last week. Ore assaying 1300 ounces in silver, four and three tenths ounces in gold, valued at nearly \$1000 a ton, is now exposed on the Cleghorn property and excitement is intense. People are leaving Lovelock only one of several made in the district within the past several weeks, and each one has only added to the interest. People are leaving Lovelock daily in teams and all manner of conveyances, loaded with lumber and supplies for Seven Troughs.

WILL NOT CONSOLIDATE

TONOPAH, Oct. 16.—Charles E. Knox, President of the Montana Tonopah Mining Company, has arrived from the East, where he has been transacting business for several weeks. He denies that there is any contemplated consolidation of the North Star, Midway and Montana-Tonopah, saying that the owners of the company have never considered it. The story arose, he says, out of the close proximity of the three mines and the possibility of their being operated much more cheaply in conjunction.

DAMAGE SUIT

A suit for damages amounting to almost \$10,000, or an alternative judgment requiring the specific performance of a contract, was entered in the district court at Fallon Saturday by Dr. A. H. Heppner, a Reno physician, against Senator George Ernst, one of the most prominent ranchers of Churchill county.

The suit is the result of a big land deal made a year ago in which Dr. Heppner purchased a thousand acre ranch from Senator Ernst for a consideration of \$19,000. He claims that in the deal the area of cultivated land was over estimated instead of there being 100 acres there were only 250 acres. Not only the area of tillable land is involved but water rights worth many thousands of dollars.

The plaintiff also demands damages amounting to \$798 for the removal of farming implements belonging to him, and for the recovery of \$460 alleged to be due him for medical attendance upon Mr. Ernst.

A NEW HOTEL FOR SILVER PEAK

Ground will be broken in a few days for one of the best built hotels in the State of Nevada. The name of the hotel will be the "Blair" and it will be erected on the new townsite, J. G. Crumley & Company, the owners, will spare no pains to make this the leading hotel in this section.

The plans reflect special credit on the architects, Holesworth and Curtis. The "Blair" hotel will consist of a two story building, 58x100 feet in area, to be steam heated and filled with all modern conveniences such as bathroom and toilet with each guest room. The second story will have 28 guest rooms and a parlor. The down stairs will have a bar room, lobby, club room, dining room and kitchen. J. G. Crumley & Company, the owners, have figured that before they open the door to the public they will have approximately spent \$35,000.—Silver Peak Post.

ELOPEMENT IN RENO

RENO, Oct. 16.—Miss Helen McDonald, a beautiful Reno girl eloped from her home at 207 Vine street Saturday and was married that night in Tonopah to Edward Bigelow, an employee of the Southern Pacific. Her friends in this city were ignorant of the wedding until the accomplished young lady returned with her husband Sunday night.

It is said that the pretty girl, afraid that she would be frustrated in the attempt to marry the man of her choice, left for the mountain town dressed in a simple traveling gown. At the terminal of her ride the lover waited and he quietly arranged with the justice of the peace to be on hand to perform the ceremony.
